	The unloading work was supervised by a colonel and two majors. The unit, allegedly returning from maneuvers, marched to the kaserne on August bebelstrasse.	
25X1X	Comment:	
	a. About 30 troops, 18 to 20 years of age, led by a second lieutenant arrived in BURG on 26 August 1949, aboard an express train coming from the direction of BURLIV. The troops, wearing the crossed gun barrel insignia on their epaulets, marched to the Neue Kaserne.	
	b. It was repeatedly observed that small groups of Soviet soldiers arrived in BURG aboard scheduled trains and proceeded to ALTEUGRABO by rail.	
25X1A	Comment:	•
	According to previous information, the 136th Gds Hv Tank SP Regt of the Third Shock Army and artillery units (presumably component units of an artillery brigade of the Group of Occupation Forces Germany in the BURG - MAGDEBURG area) were stationed in BURG. Component units of the 136th Gds Hv Tank	-
÷	SP Regt have been regularly observed going by small shipments to the Letzling Reath (JAEVENITZ), and BURG artillery units going to ALTENGRABOW for summer exercises since april 1949. The report indicates that the exercises were completed in mid-september 1949, and that the units returned to their BURG kasernes. Similar observations have been made in all parts of the Soviet Sone of Germany since mid-September 1949.
